

RAMP REGISTRATION GUIDE

This guide was developed to provide registrants with information on how to register for the water polo season using WPC's National Registration Database and Event Management System, RAMP.

Step 1: Click on the link that your club registrar has provided.

Step 2: Create an RAMP account for you and/or your child(ren). If this is your first time using RAMP, click on the *"Don't have an account? Create one Here"* button. You will be asked to enter your email address, a password and select which language you prefer.

The image shows a login page for "Water Polo Canada - Demo Club". At the top, there is a logo featuring a red maple leaf with a black silhouette of a water polo player inside it. The words "WATER POLO" are arched above the leaf, and "CANADA" is written below it. Below the logo, the page title "Water Polo Canada - Demo Club" is displayed in white text on a red background. The main content area has a light blue background with a "Login" heading. To the right of the heading is a "Change Language" button with a dropdown arrow. Below this are two input fields: "Email" and "Password". Each field has a corresponding icon (a person for email, a key for password) and a pink error message box to its right that says "Email is required" and "Password is required" respectively. A red "Login" button is positioned below the password field. At the bottom of the form, there are two links: "Don't have an account? Create one Here." and "Forgot your password? Reset it Here." The footer contains the text "RAMP InterActive | Terms of Use | Privacy Policy | Refund Policy".

Step 3: Login to your RAMP account and select the correct registration option for your primary role (participant/athlete, coach, official or executive/volunteer).

Step 4: Select the appropriate options for the "Choose a Season", "Choose a Family Member to Register" and "Choose a Division" sections on the registration page.

4.1 Under "Choose a season" please select the **2021-2022** season.

4.2 Under "Choose a Family Member to Register" select the family member who is registering OR select the "add a new family member" option.

RAMP has the ability to link the accounts of all family members who register in water polo activities (athletes, coaches, volunteers, etc.). Adding family members can also be completed later in the registration process at the emergency contacts section. There is a button in the registration menu called "My Family Members" which lists all accounts registered within your family.

4.3 Under "Choose a Division" select the appropriate registrant category based on the level of water polo activity you will be participating. If you are an official, it will ask you to select your officiating level instead of division.

If your club has created any "packages" (different options available for the registrant category), they will appear below the dropdown menu.
